

# TCS AWARD AMOUNT GUIDELINES

## FALL 2020-SPRING 2021

Award amounts are determined by the *Invest in Kids Act*, the law that makes tax credit scholarships possible. The law sets a new scholarship amount each year based on the statewide operational expense per pupil in public schools.

The maximum standard award amount allowed for the 2020-2021 school year is **\$13,763.50**. The following charts show how the multipliers (1.1x, 1.2x, and 2x) and the eligibility percentages (50%, 75%, and 100%) impact scholarship award amounts based on school tuition. In order to receive the 2x multiplier, a family must provide a valid Individualized Education Plan during the application process.
